

## **Prosthesis and Post Surgery Garments Store List**

This is a partial listing of some stores that specialize in or carry breast prostheses. The listing is by no means complete, nor is it intended to endorse any of these businesses. It is for your information and convenience. Your physician will determine when you have healed sufficiently to be fitted for prostheses. A physician's prescription for a prosthesis and bra is usually necessary for you to obtain reimbursement from your health insurance. Your health insurance may be contracted with specific stores. You may want to check with your insurance company prior to shopping for your garments.
